SPRING-SUMMER 2025

## A WORD FROM THE TEAM

For many of us, spring rhymes with renewal. It's the time for deep cleaning, organizing our spaces, and taking advantage of our last chance to do small renovations so we can enjoy them throughout the summer. That's why it's the perfect opportunity for us to introduce you to the beautiful collections arriving soon in our stores (some may even already be there—who knows!).

For this edition of our spring and summer lookbook, the keyword was: **Character**. Our team carefully selected original collections with great creative potential that will help you add personality to your decor and finally create a space that truly reflects you. Gone are the days of renovating with a potential buyer's taste in mind—this year, we're focusing on ourselves. You'll see how refreshing it feels to listen to your own desires and dive into projects that truly excite you.

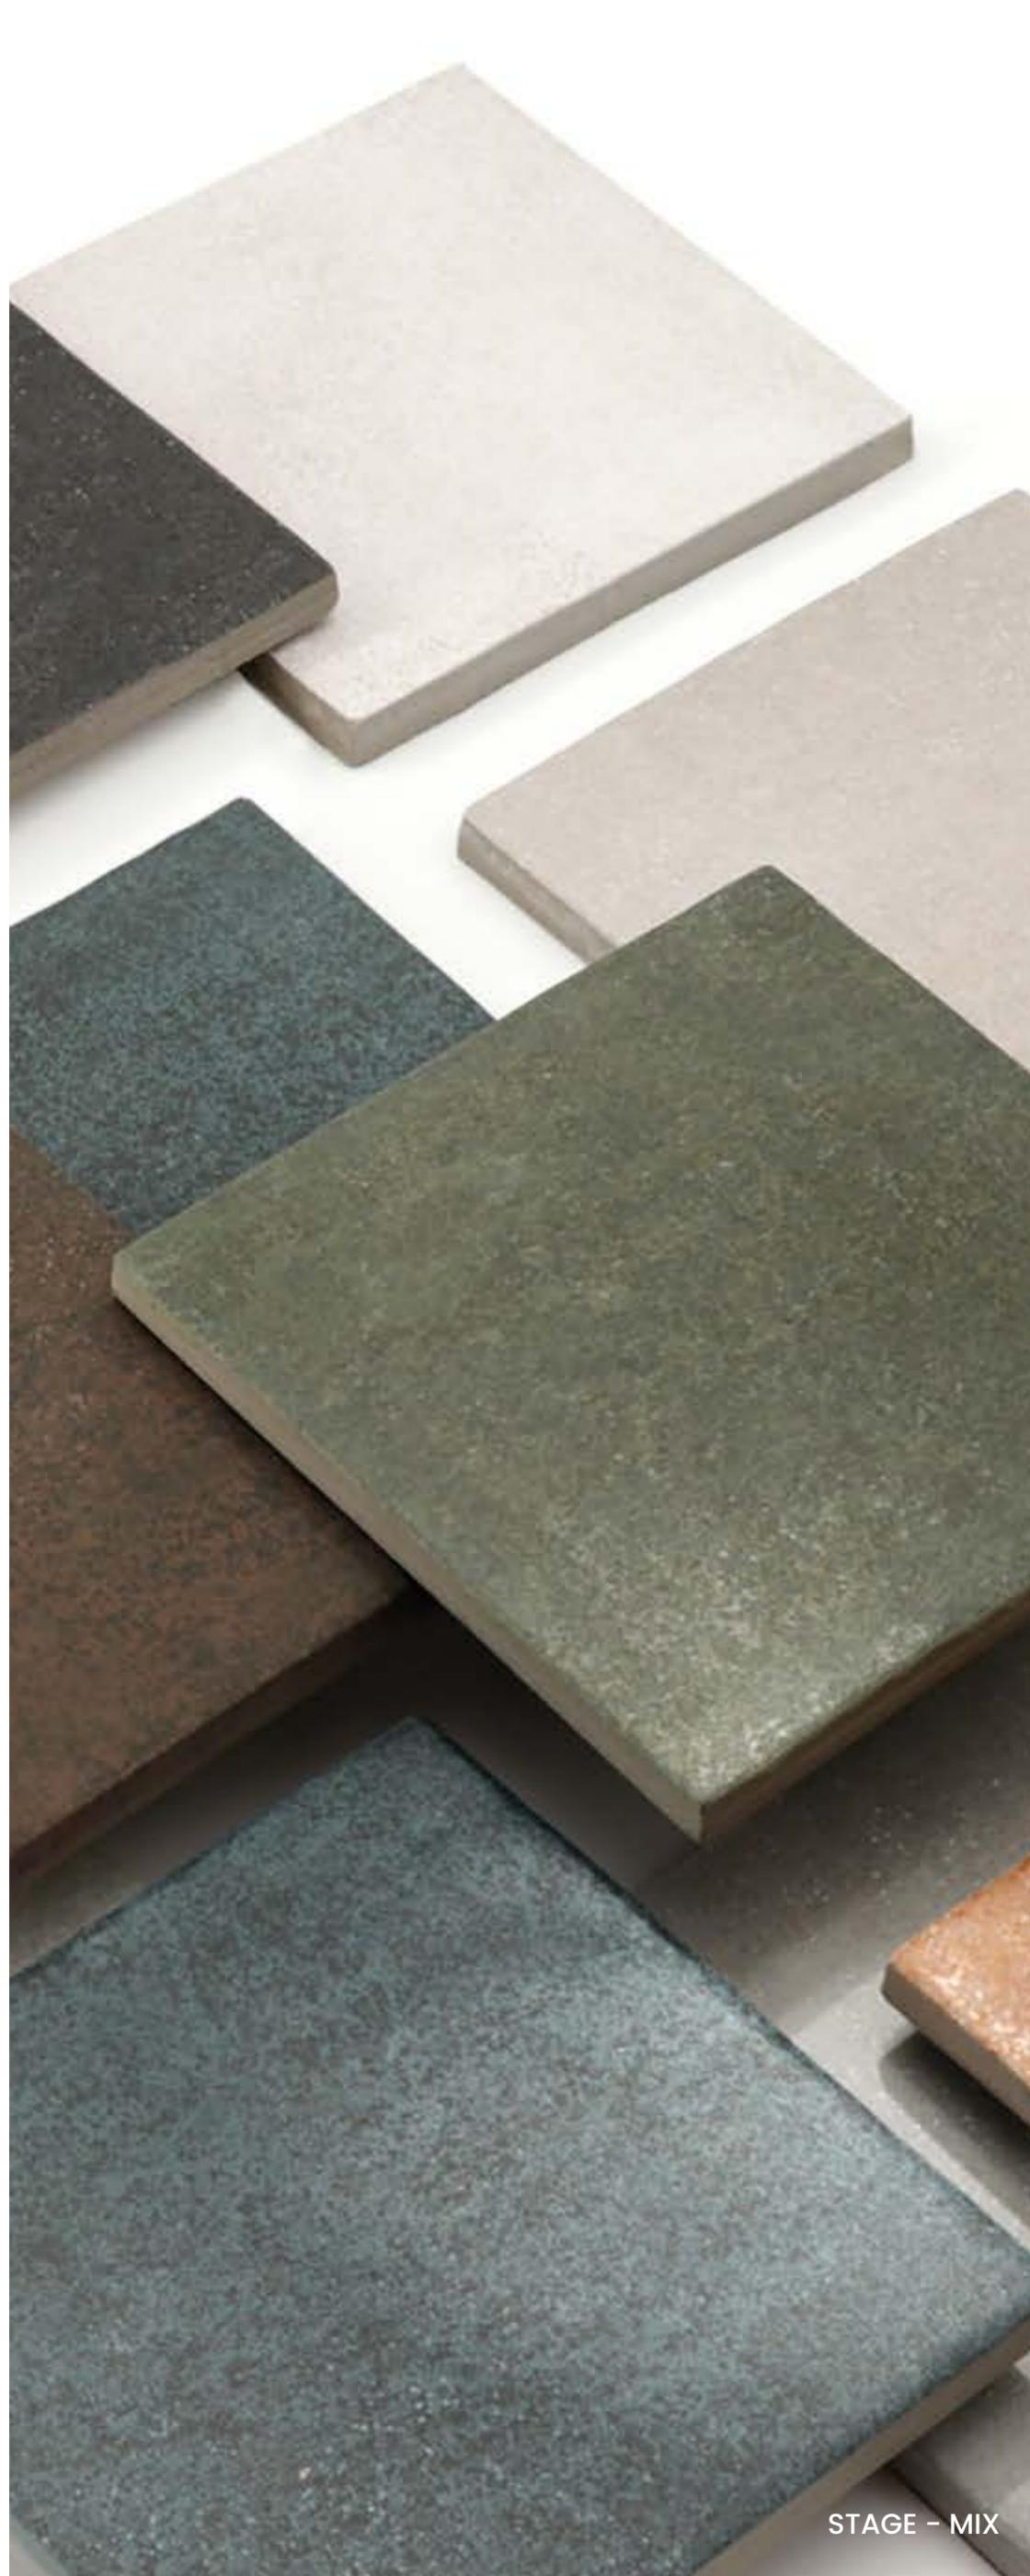

Without further ado, we invite you to explore our selection. We look forward to seeing you in one of our stores!

The **Musa** collection is notable for its unique handcrafted aesthetic. Its finish adds an authentic and organic touch, perfect for an intentionally imperfect decor.

It stands out for its versatility: it can suit an industrial-style space thanks to its brick look, a Japandi or biophilic ambiance due to its earthy tones, or even a farmhouse-inspired room with its slightly vintage vibe.

MUSA - BLANC

One thing's for sure: it's the perfect collection for those who want to add character to a space and aren't afraid to be bold with a unique look!

# OUR TEAM'S PICK

*"The beauty of a room is in its details."*

---

**Musa** is our team's favorite collection this season. It perfectly embodies the "character" we wanted to highlight in this lookbook. Its irregularities and variations make it one-of-a-kind, giving a space a charm and lived-in feel that's hard to replicate.

We hope many of you will dare to adopt it or find inspiration in it to create a truly personal interior.
